

STEINWAY & SONS

SPIRIO | *r*

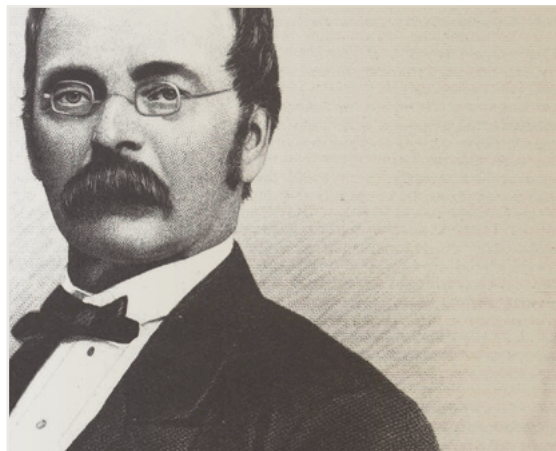

“To build the *best* piano possible.”

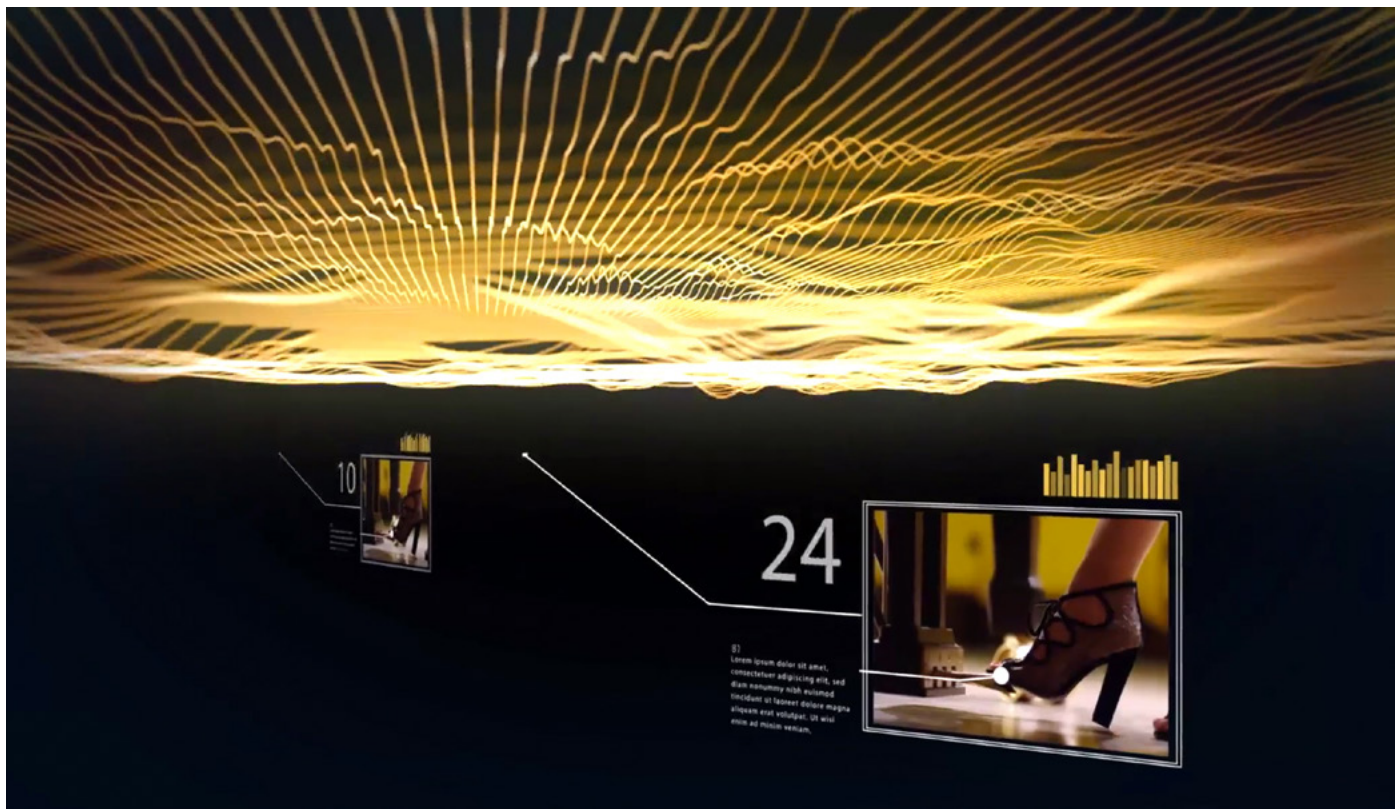

—HENRY E. STEINWAY

STEINWAY & SONS

Since 1853, STEINWAY & SONS has been making instruments so passionately crafted that it takes dozens of artisans with decades of experience up to twelve months to create... one.

The very first STEINWAY & SONS patent was granted in 1857, and since that time the company has been granted more than 125 additional patents, positioning STEINWAY as the piano by which all others are judged.

SPIRIO | *r*

The STEINWAY SPIRIO | *r* is the world's finest high resolution player piano capable of live *performance capture* and playback.

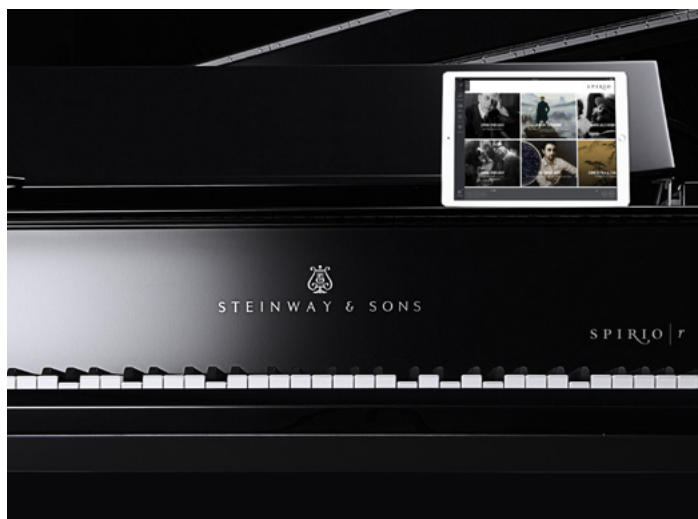

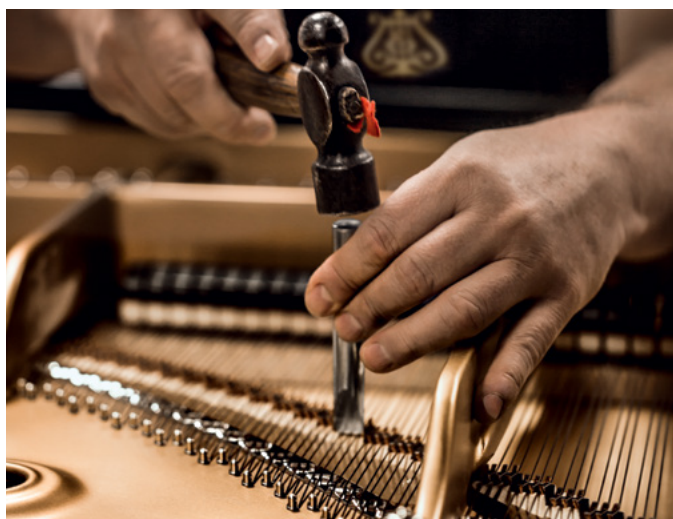

A revolutionary blend of artistry, craftsmanship, and technology, SPIRIO | *r* provides powerful new tools of expression and new ways to access, share, and experience performance — enriching connection and intimacy.

craft & **SCIENCE**

First and foremost, SPIRIO | *r* is a STEINWAY. For over 160 years, artists have chosen STEINWAY instruments for their broad tonal palette, warmth and depth of tone, powerful resonance, and unmatched touch response.

STEINWAY & SONS' craftsmen seamlessly install SPIRIO | *r* technology at the time of manufacture, ensuring no alteration in the musical performance nor compromise in the instrument's exterior beauty.

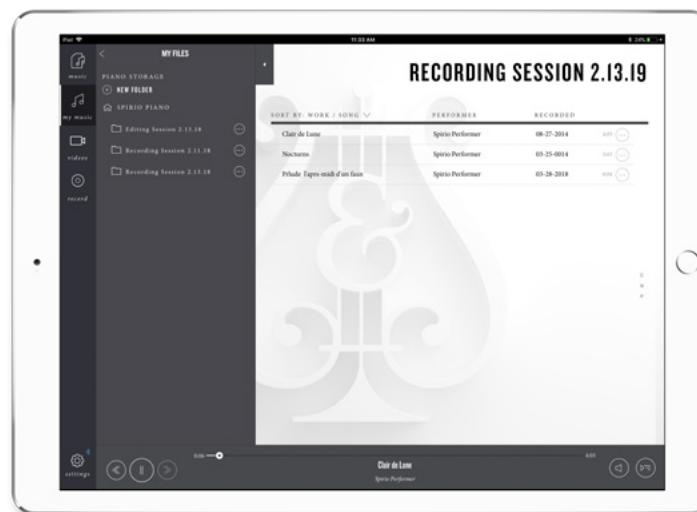

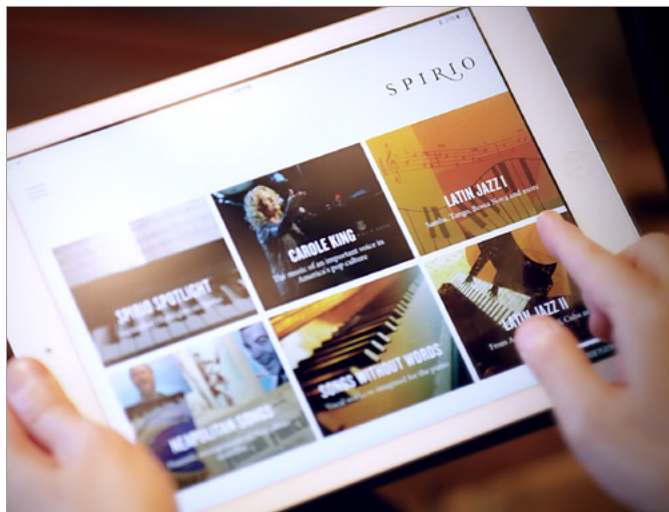

world class
MUSIC LIBRARY

Thousands of performances from current STEINWAY artists are available at the touch of a button. In addition to today's greatest musicians, historic performances by STEINWAY Immortals are available, including Glenn Gould, Duke Ellington, Arthur Rubinstein, Art Tatum, and many more.

Every month the library expands with an additional three to four hours of music — delighting, entertaining and educating users everywhere.

POWERFUL TECHNOLOGY *simply packaged*

The new SPIRIO app has been carefully designed and crafted to allow users intuitive and easy access to a rich set of features. The interface was designed to give artists and engineers powerful tools to record, edit, play back, search, and save their performances — so they can focus on the music.

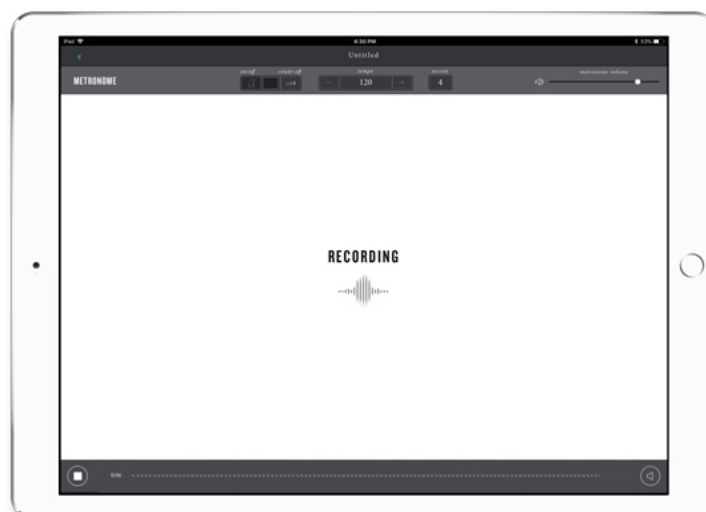

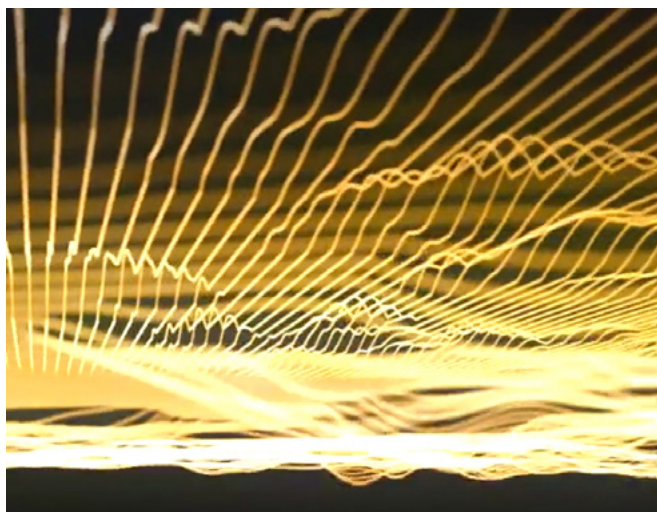

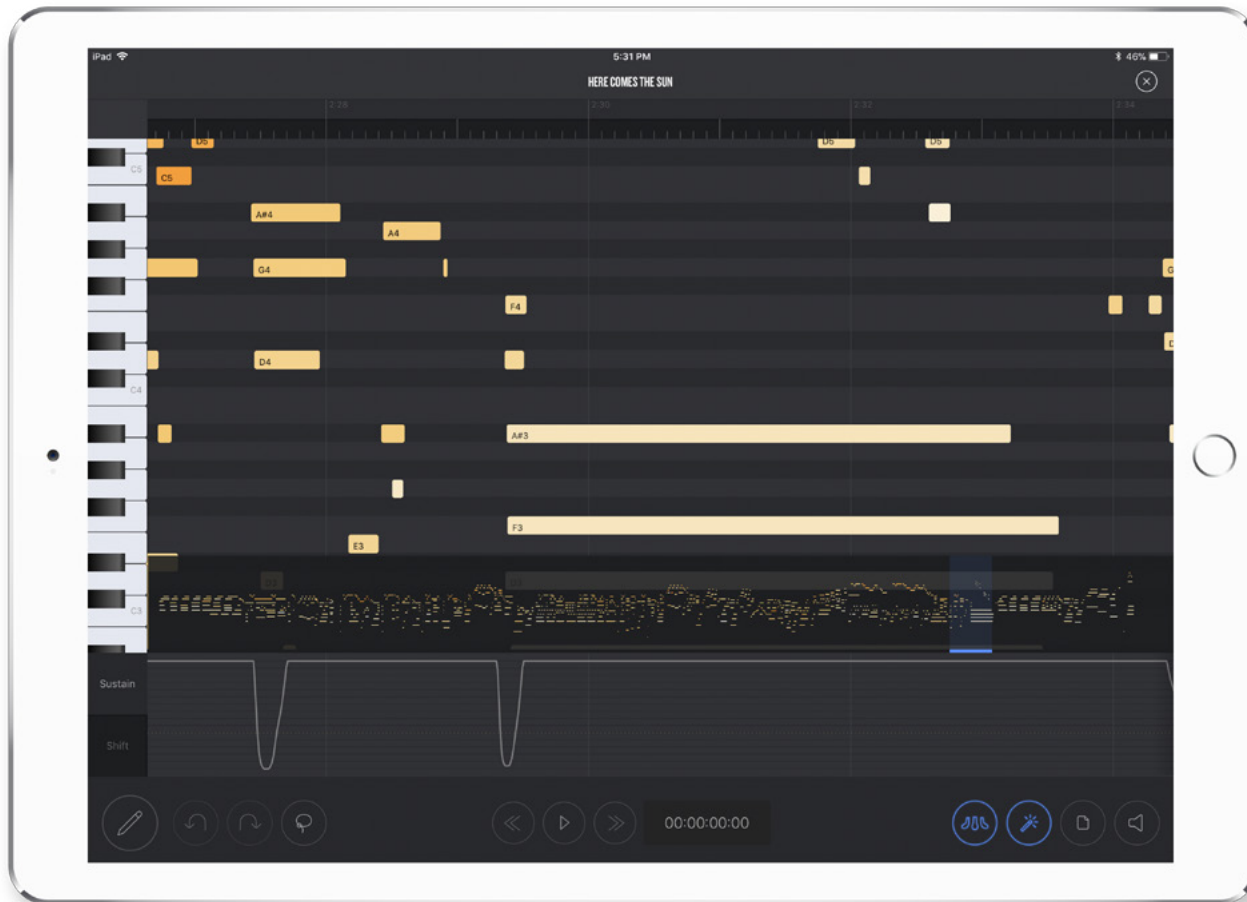

high resolution **RECORDING**

Developed on the highly successful SPIRIO technology platform, SPIRIO | *r* allows users to record and playback performances in stunning high resolution — with all the nuance, power, and passion on display.

Simple controls offer the ability to save and share user-created recordings in multiple file formats:

- SPIRIO high resolution
- MIDI
- MP3 high quality sampled audio

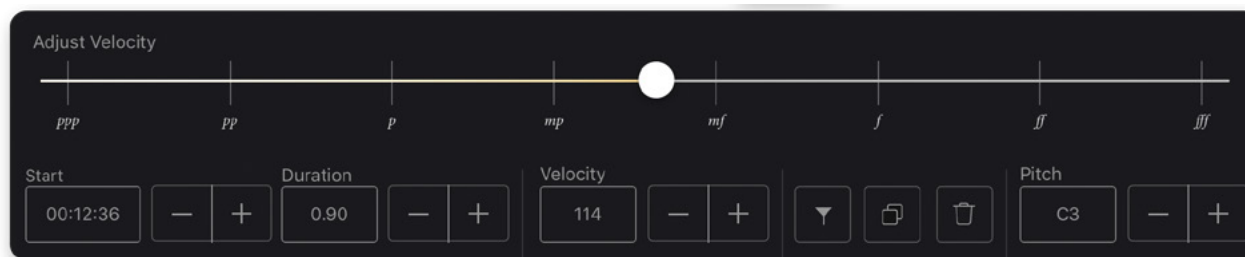

high resolution **EDITING**

Native to the SPIRIO app, the SPIRIO Editor provides advanced iPad-based editing capabilities to SPIRIO files, allowing users to edit their own high resolution SPIRIO recordings.

SPIRIO Editing Features include the ability to:

- Modify note velocity (dynamic)
- Modify note duration (start and end times)
- Correct wrong notes (remove or replace)
- Modify pedal data (sustain and shift)
- Delete or Add time

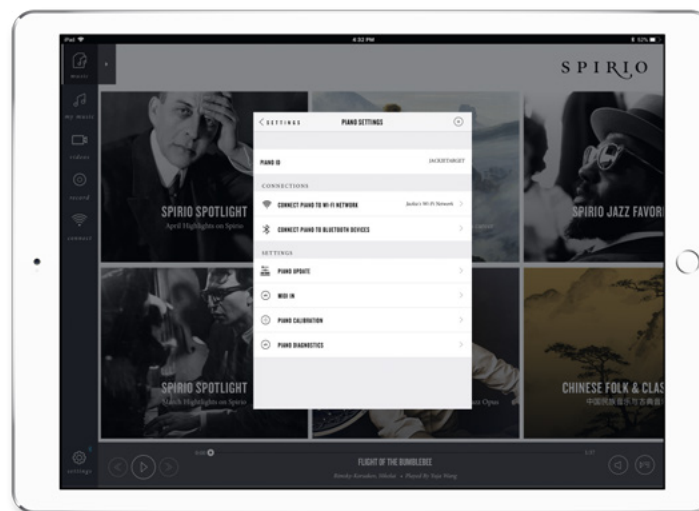

seamless **CONNECTIVITY**

SPIRIO | *r* integrates into many different musical environments using:

- Wi-Fi & Ethernet internet connections
- Two Bluetooth channels to connect headphones or external speakers for simulated audio output
- Two USB connections for external storage of SPIRIO user files
- MIDI in & MIDI out connections
- HDMI video out

STEINWAY *quality*

SPIRIO | *r* stores and plays music and videos directly from the instrument, creating an immediate response and uninterrupted playback.

SPIRIO | *r* captures the most nuanced musical passages, precisely reproducing the loudest, softest and fastest notes.

SPIRIO | *r* features self-calibration allowing automated calibration of the SPIRIO system to be performed with the tap of a button.

The flexibility of remote firmware updates mean SPIRIO | *r* can easily add future features as they are released.

SPIRIOCAST

Introducing SPIRIOCAST, the world's first high resolution piano broadcast on a STEINWAY.

Unique STEINWAY curated events, masterclasses with STEINWAY artists, as well as user-generated content can be streamed directly to your STEINWAY SPIRIO.

Coming December 2018.
